3. HAZARDS IDENTIFICATION

Main hazards

Flammable Repeated exposure may cause skin dryness or cracking. Vapours may cause drowsiness and dizziness.

4. FIRST AID MEASURES	
Skin contact	May cause irritation to skin. Wash off immediately with plenty of soap and water.
	Remove contaminated clothing. Seek medical attention if irritation or symptoms persist.
Eye contact	May cause irritation to eyes. Rinse immediately with plenty of water for 15 minutes
	holding the eyelids open. Seek medical attention if irritation or symptoms persist.
Inhalation	Inhalation may cause coughing, tightness of the chest and irritation of the respiratory
	system. Move the exposed person to fresh air. Seek medical attention.
Ingestion	Ingestion may cause nausea and vomiting. Seek medical attention if irritation or
	symptoms persist.
General information	In case of accident or if you feel unwell, seek medical advice immediately (show the
	label where possible).
