|---------------------------|---|---------------|------------|
|                           |   | Revision date | 13-Oct-200 |
| 4. FIRST AID MEASURES     |   |               |            |
| Skin contact              | May cause irritation to skin. Wash off immediately with plenty of soap and water.       |               |            |
|                           | Remove contaminated clothing. Seek medical attention if irritation or symptoms pers     | ist.          |            |
| Eye contact               | May cause irritation to eyes. Rinse immediately with plenty of water for 15 minutes     |               |            |
|                           | holding the eyelids open. Seek medical attention if irritation or symptoms persist.     |               |            |
| Inhalation                | Inhalation may cause coughing, tightness of the chest and irritation of the respiratory |               |            |
|                           | system. Move the exposed person to fresh air. Seek medical attention.                   |               |            |
| Ingestion                 | Ingestion may cause nausea and vomiting. Seek medical attention if irritation or        |               |            |
|                           | symptoms persist.   |               |            |
| General information       | In case of accident or if you feel unwell, seek medical advice immediately (show the    |               |            |
|                           | label where possible).  |               |            |
| 5. FIRE FIGHTING MEASURES |   |               |            |
| Extinguishing media       | Alcohol resistant foam. Carbon dioxide (CO2) Dry chemical. Do NOT use water jet.        |               |            |
| Fire hazards              | Burning produces irritating, toxic and obnoxious fumes. Fire will produce dense black   | (             |            |
|                           | smoke.  |               |            |
| Protective equipment      | Self-contained breathing apparatus.   |               |            |
| 6. ACCIDENTAL RELEASE MEA | ASURES  |               |            |
| Personal precautions      | Ensure adequate ventilation of the working area. Evacuate personnel to a safe area.     |               |            |
|                           | Eliminate all sources of ignition. Wear suitable protective equipment.                  |               |            |
| Environmental precautions | Do not allow product to enter drains. Prevent further spillage if safe.                 |               |            |
| Clean up methods          | Absorb with inert, absorbent material. Transfer to suitable, labelled containers for    |               |            |
|                           | disposal. Clean spillage area thoroughly with plenty of water.                          |               |            |
| 7. HANDLING AND STORAGE   |   |               |            |
| Handling                  | Avoid contact with eyes and skin. Ensure adequate ventilation of the working area. U    | lse           |            |
|                           | explosion proof equipment. Keep away from sources of ignition - No smoking.             |               |            |
| Storage                   | Keep in a cool, dry, well ventilated area. Keep containers tightly closed. Store in     |               |            |
|                           | correctly labelled containers.  |               |            |
|                           |   |               |            |
