

PROplastigrip

Product Description

ProPlastigrip is an advanced adhesion promoter for most types of plastics and can be over coated with any topcoat after just 30 minutes.

Product Features

- Excellent adhesion to most plastics
- Transparent
- Very fast drying
- Two nozzles for your convenience

Usage

ProXL aerosols are the ultimate method for the refinishing of small vehicle repairs. They provide economical use of production time and manpower.

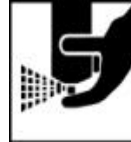

Pre Treatment

The surface must be clean, dry and dust-free.

Application

Before use, shake the aerosol for 2 minutes and spray a sample area. The drying time depends on ambient temperature, humidity of the air and thickness of coating applied.

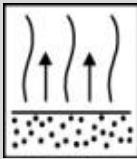

After use turn aerosol upside down, press the nozzle for approx. 5 seconds, and clear valve.

Apply in cross coats from distance of 250mm from object.

Product Properties

Allow 3 - 5 minutes between coats

Infrared compatible

Overcoat able after 30 minutes.
