

# ProClear

## Product Description

ProClear is a high performance 1k lacquer which gives a crystal clear finish, with an excellent build, that can be applied over all water and solvent based basecoats and is ideal for smart repairs.

## Product Features

- Ultra glossy
- Crystal clear
- UV and petrol resistant
- Can be mechanically polished
- Excellent adhesion onto waterbased base coats
- Fast drying
- Two nozzles for your convenience

## Usage

ProXL aerosols are the ultimate method for the refinishing of small vehicle repairs. They provide economical use of production time and manpower.

## Pre Treatment

The surface must be clean, dry and dust-free.

## Application

Before use, shake the aerosol for 2 minutes and spray a sample area. Drying time depends on ambient temperature, humidity of air and thickness of coating applied

Apply in cross coats from distance of 250mm from object.

After use turn aerosol upside down, pressing the nozzle for approx. 5 seconds, and clear valve.

## Product Properties

Allow 3 - 5 minutes between coats

Infrared compatible

Drying time - 30-60 min.
